WHAT TRAINING IS RIGHT FOR ME?

Which one of our products are you working with?

- ➔ AutroPrime

What is your job description?

- ➔ System Operator
- ➔ Personnel on fire detection site

What are you planning on doing with our product?
I want to

- ➔ Design systems
- ➔ Handle alarm & faults
- ➔ Manage disablements
- ➔ Pull reports, view the log
- ➔ Maintain the system
- ➔ Replace detectors
- ➔ View loop diagnostics

YOU NEED THE **AUTROPRIME OPERATOR TRAINING**

Which one of our products are you working with?

- ➔ AutroSafe 4

What is your job description?

- ➔ System Operator
- ➔ Personnel on fire detection site

What are you planning on doing with our product?
I want to

- ➔ Design systems
- ➔ Handle alarm & faults
- ➔ Manage disablements
- ➔ Pull reports, view the log
- ➔ Maintain the system
- ➔ Replace detectors
- ➔ View loop diagnostics

YOU NEED THE **AUTROSAFE 4 OPERATOR TRAINING**

Which one of our products are you working with?

- ➔ AutroPrime

What is your job description?

- ➔ Installer
- ➔ Electrician
- ➔ Electric Engineer

What are you planning on doing with our product?
I want to

- ➔ Design systems
- ➔ Install loops
- ➔ Connect power supplies
- ➔ Connect a panel network
- ➔ Understand the module stack (connections)
- ➔ Understand the AutroFieldBus (cable types, cable lengths, cross sectionsetc.)
- ➔ Identify serial ports
- ➔ Understand serial ports

YOU NEED THE **AUTROPRIME INSTALLER TRAINING**

Which one of our products are you working with?

- ➔ AutroSafe 4

What is your job description?

- ➔ Installer
- ➔ Electrician
- ➔ Electric Engineer

What are you planning on doing with our product?
I want to

- ➔ Design systems
- ➔ Install loops
- ➔ Connect power supplies
- ➔ Connect a panel network
- ➔ Understand the module stack (connections)
- ➔ Understand the AutroFieldBus (cable types, cable lengths, cross sections etc.)
- ➔ Understand and identify serial ports

YOU NEED THE **AUTROSAFE 4 INSTALLER TRAINING**

Which one of our products are you working with?

- ➔ AutroPrime

What is your job description?

- ➔ Project engineer
- ➔ Service engineer

What are you planning on doing with our product?

I want to

- ➔ Design systems
- ➔ Handle alarm & faults
- ➔ Manage disablements
- ➔ Pull reports, view the log
- ➔ Maintain the system
- ➔ Replace detectors
- ➔ View loop diagnostics
- ➔ Install loops
- ➔ Connect power supplies
- ➔ Connect a panel network
- ➔ Understand the AutroFieldBus (cable types, cable lengths, cross sections etc.)
- ➔ Understand and identify serial ports
- ➔ Execute basic configurations
- ➔ Change detector sensitivity
- ➔ Add loop units
- ➔ Remove loop units
- ➔ Execute advanced configurations
- ➔ Build a system configuration for a stand-alone system
- ➔ Build a system configuration for network systems

YOU NEED THE **AUTROPRIME CERTIFICATION TRAINING**

Which one of our products are you working with?

- ➔ AutroMaster 4

What is your job description?

- ➔ System Operator
- ➔ Personnel at fire detection site

What are you planning on doing with our product?

I want to:

- ➔ Design systems
- ➔ Handle alarm & faults
- ➔ Manage disablements
- ➔ Pull reports, view the log

YOU NEED THE **AUTROMASTER 4 OPERATOR TRAINING**

Which one of our products are you working with?

- ➔ AutroMaster V

What is your job description?

- ➔ Project engineer
- ➔ Service engineer

What are you planning on doing with our product?

I want to:

- ➔ Design systems
- ➔ Handle alarm & faults
- ➔ Manage disablements
- ➔ Pull reports, view the log
- ➔ Execute system configurations
- ➔ Connect to fire detection systems
- ➔ Plot objects
- ➔ Create and plot loop units

YOU NEED THE **AUTROMASTER V CERTIFICATION TRAINING**
